

Manual Handling

Dear AOGP member,

Is your General Practice looking for manual handling training specific to issues faced within a medical practice?

We have recently delivered a tailored manual handling session to an AOGP member and have been asked to extend an offer for training to other members of AOGP.

The 1.75 hour training session includes:

- 1 hour theory relating to general principles of manual handling, understanding the body and biomechanics for injury prevention.
- 45 minute practical component, tailored to increase the skills and confidence to apply good manual handling techniques, when staff are faced with assisting patients in a Medical Practice setting
 - Assisting a person up from the floor
 - Assisting a person from sit to stand
 - Assisting a person to walk

As a special price for AOGP members, this training can be provided at a cost of \$455 (+ GST), plus travel to the required venue.

To secure your training, please contact Tracie or Darren at Living to the Max Occupational Therapy Services on 83310566 or email admin@livingtothemax.com.au

You can also visit www.livingtothemax.com.au for further information about Living to the Max Occupational Therapy Services.
